Notes:

- 1. If your super balance is less than \$6,000 at 30 June of any year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of your account balance. Any amount charged in excess of the cap must be refunded.
- 2. The investment and transaction costs are as at 1 April 2023 and are based on the actual information available and/or reasonable estimates for the financial year ending 30 June 2022. Fund expenses and performance based fees are based upon the latest information provided by the underlying investment managers, and are based upon the historical expenses and performance based fees for the actual assets held by the Mercer Super Trust as at the effective date of your Plan's PDS. For some investment managers, the expenses and performance based fees are based upon the twelve months to 30 June 2022, and for others, earlier dates. Where earlier dates have been used, they represent the latest information provided by investment managers, and we expect them to be similar for the 30 June 2022 financial year. Investment and transaction costs may vary from year to year. For more details see 'Investment costs' and 'Transaction costs' in the 'Additional explanation of fees and costs' section of this Booklet.
- 3. The investment and transaction costs for Mercer SmartPath Born 2009 to 2013 and Born 2014 to 2018, Mercer Growth, Mercer Growth Maximiser, Mercer Global Listed Property, Mercer Enhanced Passive High Growth, Mercer Enhanced Passive Moderate Growth and Mercer Heritage Australian Shares are based on reasonable estimates only generally expected to apply to these options for the year ending 30 June 2023.
- 4. In addition to the asset based administration fee shown in the table above, the administration fees and costs also include for all investment options the following:
- an estimated expense allowance range of 0 0.05% per annum, and
- costs associated with product and strategic services, estimated to be 0.017% per annum of Mercer Super Trust assets.
- 5. Any balance in the Mercer Direct investment option is not counted in the calculation of the member's super account balance for determining the balance over \$500,000 where a nil administration fee applies.
- 6. This amount may be different for your Plan. Refer to your Plan Guide for more details.
- 7. For Mercer SmartPath, the fees for each path are effective at 1 April 2023 and are subject to change. The investment fees vary depending on which path you are in and generally reduce as you get older. For more details see 'Mercer SmartPath investment option' in the 'Investment fees' section in this Booklet.

[^] The combined maximum investment fee, expense allowance and administration fee shall not exceed 4.00% per annum for these investment options.

- *The Nine Super investment option is only available to members of the Nine Super Plan. The investment costs and transaction costs for this option are based on the actual information available for the financial year ending 30 June 2022.
- [†] The Ford Select investment option is only available to members of the Ford Employees and Ford Management Superannuation Plans. The investment costs and transaction costs for this option are based on the actual information available for the financial year ending 30 June 2022.

The Mercer Heritage Australian Shares investments option is only available to members of the Westpac Group Plan and who are currently invested in this option.

Administration fees and costs

Administration fees and costs relate to the administration and operation of the Mercer Super Trust (see the 'Defined Fees' section of this Booklet) and include:

- an asset based administration fee, and
- an estimated expense allowance, and
- costs associated with product and strategic services.

Estimated expense allowance

The trustee has the right to reimburse itself from the assets of the Mercer Super Trust. These reimbursements are for actual outgoings reasonably incurred with the running of the Mercer Super Trust, where those outgoings are not specifically for a division, plan or member account. If the trustee charges an expense allowance, that amount is included in the administration fee of the relevant investment option (as set out in the 'Fees and costs summary table'). The allowance is passed on to members by an adjustment to the unit price reducing the investment performance of the relevant investment option.

If you are invested in the Mercer Direct investment option, the expense allowance is generally calculated and deducted on the last day of each month from your super account balance (in accordance with your investment strategy for future contributions). This fee is calculated as follows:

Applicable annual expense allowance times your balance in the Mercer Direct investment option (on the last day of the month) divided by 12.

The expense allowance varies from year to year reflecting the actual expenses incurred. Therefore it is not possible to provide a precise figure for the expense allowances for investment options as they are not known until the end of the financial year. However, the range of expected expense allowances is set out in the 'Breakdown of certain fees and costs' table.

The actual expense allowance may exceed the estimated ranges set out in the 'Breakdown of certain fees and costs table'. We would only expect this to occur if there were unexpected expenses.

Actual expense allowances are provided in the MST Annual Report.

The trustee is also entitled to be indemnified out of the assets of the Mercer Super Trust if it incurs any liabilities, losses, costs and expenses in administering the Mercer Super Trust. See 'Trustee's indemnity' later in this Booklet for more details about this right of indemnity.

Worked example:

Assume an amount of \$50,000 is invested for 12 months in the Mercer SmartPath investment option.

The expense allowance is between 0.00% and 0.05% per annum of your super account balance, which is between \$0.00 and \$25.00 per annum.

Member Reserve

The trustee currently pays certain costs associated with product and strategic services from reserves, which are estimated to be 0.017% per annum of Mercer Super Trust assets.

The size of the Reserve is reported each year in the MST Annual Report.

Additional Units*

We deduct a standard asset based administration fee of 0.15% per annum (or 0.10% per annum for the Mercer SmartPath investment option) from each investment option before the unit price is determined. If the administration fee applicable to all or part of your super account balance is less than 0.15% per annum (or 0.10% per annum for the Mercer SmartPath investment option) of your super account balance, we credit additional units monthly at the end of each month to your super account. The amount of additional units will be based on the difference between the standard administration fee of 0.15% per annum (or 0.10% per annum for the Mercer SmartPath investment option) deducted and the administration fee applicable to you as described in the tables above and your Plan Guide.

We allocate any additional units according to your investment strategy for future contributions**.

- *Not applicable for the Mercer Direct investment option.
- **This is not applicable for the Westpac Group Plan. Refer to Your Plan Guide for how additional units are applied.

Investment fees and costs

Investment fees

Investment fees apply to each investment option and typically vary depending on the type of assets the option invests in and the management style (for example, active or passive).

Investment fees are the fees payable to the trustee for the exercise of care and expertise relating to the investment of the assets of the Mercer Super Trust and generally include the fees payable to the underlying investment managers for most asset classes.

Mercer SmartPath investment option

Your investments in Mercer SmartPath will be placed in one of the paths based on your date of birth and will remain in that path for the duration of your investment in Mercer SmartPath.

Over the years, your path's exposure to growth and defensive assets will change. When your path's asset allocation changes, your path's investment fees may be adjusted as well.

Investment costs

What is included?

Each investment option has associated Investment Costs (IC) that are incurred by the underlying investment vehicles into which the Mercer Super Trust invests. ICs may include but are not limited to:

- · performance fees
- investment fees for certain asset classes, namely investments in direct/unlisted real assets, such as property and infrastructure
- any expenses charged by the underlying investment vehicles or manager of those vehicles
- over-the-counter derivative costs.

Performance fees

The trustee does not directly charge any performance fees. However, performance fees may be charged by underlying investment vehicles or managers of those vehicles and these are included in the IC.

These fees are reflected in the unit price of the underlying investment vehicle and accordingly form part of the IC of the relevant investment option.

Underlying investment vehicles or managers that charge a performance fee will generally only apply those fees when performance is greater than an agreed target. Accordingly, performance related fees will generally only arise when higher returns, relative to a specified target for a particular manager, are achieved.

Where applicable, performance fees are based on an average for the five year period to 1 April 2023 (unless the option has been available for a shorter inception period or the actuals are not available for the most recent financial year in which case we use a reasonable estimate). Performance fees are based upon the latest information provided by the underlying investment managers, as well as historical expenses and performance fees for the actual assets held by the Mercer Super Trust as at the effective date of your Plan's PDS.

See the 'Estimated IC ranges, average performance fee and estimated transaction costs' table for details.

Calculation of the Investment costs

The actual IC for each investment option (including each path in Mercer SmartPath) is determined at the end of each financial year. The MST Annual Report provides the actual ICs that applied for each investment option (including each path in Mercer SmartPath) for that financial year.

The 'Estimated IC ranges, average performance fee and estimated transaction costs' table on the next page gives you an estimate of the ranges of the future ICs that are generally expected to apply for each investment option. These ranges do not act as limits or caps on the ICs that may apply in the future as the ICs may vary from year to year reflecting the indirect costs (if any) incurred by the underlying investment vehicles or managers.

Changes in the ICs for a financial year may be disclosed via:

- the website mercersuper.com.au where the change is not materially adverse
- a notice to you when there is a materially adverse change to the ICs

Past fees and costs may not be a reliable indicator of future fees and costs

Transaction costs*

* The following information applies to all investment options except the Mercer Direct investment option.

Transaction costs are the costs associated with trading to manage the investment strategy for each investment option.

Transaction costs include:

- brokerage,
- settlement costs (including custody costs),
- clearing costs,
- · stamp duty on an investment transaction, and
- buy-sell spreads less any costs recouped by the underlying investment vehicles.

No part of any transaction cost is paid to the trustee or any investment manager as a fee and such costs are not subject to GST.

The actual transaction costs for each investment option (including each path in Mercer SmartPath) are determined at the end of each financial year. The MST Annual Report provides the actual transaction costs for that financial year.

For each of the investment options, the estimated transaction costs as at 1 April 2023 are set out in the 'Breakdown of certain fees and costs' table earlier in this Booklet.

For each of the investment options, the estimated transaction costs ranges are provided in the table below which gives you an estimate of the ranges of the future transaction costs that are generally expected to apply to the individual investment options. These ranges do not act as limits or caps that may apply in the future as transaction costs may vary from year to year reflecting the transaction costs (if any) incurred by the underlying investment vehicles or managers.

The Nine Super investment option is only available to members of the Nine Super Plan

Past fees and costs may not be a reliable indicator of future fees and costs.

The Ford Select investment option is only available to members of the Ford Employees and Ford Management Superannuation Plans

The Mercer Heritage Australian Shares investment option is only available to members of the Westpac Group Superannuation Plan.

Buy and Sell Spreads

There are no buy and sell spread fees applied to any investment options, as we use a single unit price for both the issue and redemption of units (i.e. the entry price equals the exit price). If a buy-sell spread were applied it would be an additional cost to you. Any buy-sell spread is not subject to GST.

The trustee reserves the right to apply a buy-sell spread to any investment option in the future.

Other fees

The following fees may be additional to the fees and costs shown in the PDS and this Booklet.

Intrafund and Advice fees

Fees for intrafund advice or limited financial advice are included in the administration fees and costs described above.

As a Mercer Super Member, you can pay for advice that is related to your account in the Mercer Super Trust from your super and/or pension account balance.

You will need to provide written consent to us via our *Advice* Fee Deduction form, available at mercersuper.com.au (sign in using your personal login).

Any advice fees you pay from your Mercer Super Trust account will reduce your account balance.

Call the Helpline if you wish to find out more about financial advice services.

Insurance fees

If you have insurance cover, premiums are deducted monthly from your super account. Your Employer may meet the cost of some or all of your insurance cover through an additional contribution or reimbursement. See the 'Insurance in Your Super' section in your Plan Guide for the insurance premiums applying for your Plan and whether your Employer currently meets some or all of the cost of your insurance cover.

MOAPL generally receives 11.55% inclusive of GST (10.50% net of GST) of the premiums charged by the insurer as a fee for administering your Plan's insurance arrangements including underwriting and claims processing. The insurer pays this fee and it is built into the premium rates described in the 'Insurance in Your Super' section in your Plan Guide. Please also refer to your Plan Guide for any different insurance fee received by MOAPL for your Plan.

Family law fees

A charge of \$541.00 will apply if your super is subject to an agreement or court order that splits your super between you and your former spouse.

This charge is generally split equally between you and your former spouse.

Mercer Direct fees

Brokerage fee

This fee applies only to members who are invested in the Mercer Direct investment option and have shares and/or exchange traded funds.

A brokerage fee of 0.11% inclusive of GST (subject to a minimum of \$22 inclusive of GST) applies to each trade. The brokerage fee will be deducted from your Mercer Direct cash hub at the time the trade is processed. GST will be applied at this time.

For example, if you invested in the Mercer Direct investment option and purchased \$90,000 worth of shares, the brokerage fee charged and deducted from your Mercer Direct Cash Hub would be \$99 inclusive of GST (being 0.11% of \$90,000).

Management fee for Exchange Traded Funds (ETFs)

This fee applies only to members who are invested in the Mercer Direct investment option and have ETFs.

Fees incurred by the ETF, including management fees, custody costs and other expenses may be deducted from the returns from underlying securities in the ETF.

See the Mercer Direct section of the secure member website for a list of available ETFs. See the ETF provider's website for more information including any fees that may apply.

Term deposit break fee

If you cancel a term deposit before the maturity date, the term deposit provider may withhold some or all of the earnings that would have been due had you held the term deposit to maturity. Refer to the term deposit provider for any applicable fees associated with ending a term deposit prior to its maturity.

Additional fees that can arise

The trustee may incur various costs, charges and expenses (outgoings) in respect of your Plan, whilst acting as trustee of the Mercer Super Trust. These can include the cost of arranging transfers of members in and out of your Plan, Plan legal expenses and the payment of taxes and charges.

Expense recovery fee

Under the terms of the governing rules, the trustee may recover these outgoings from your Plan, subject generally to an agreement with your Employer.

The trustee may instead charge an expense recovery fee of up to 1.00% per annum on the value of your super account balance. The trustee does not currently charge an expense recovery fee, but reserves the right to do so in the future, subject to your Employer agreeing to the fee. This expense recovery fee is a different fee to the expense allowance described earlier in this section of the Booklet.

Where the trustee starts charging an expense recovery fee, the costs applicable to the relevant investment option may increase. We will write to notify you, at least 30 days before such an increase.

Switching fees

The trustee is also entitled to charge members a switching fee of up to \$637.15 (indexed annually) for each switching request received. The next indexation of this maximum switching fee is due on 1 January 2024.

The trustee does not currently charge a switching fee or an expense recovery fee but reserves the right to do so in the future. We will let you know at least 30 days before such fees are charged.

18

Fee changes

Indexation of fees

Family law and portfolio administration fees (for the Mercer Directinvestment option) are indexed annually on 1 January to generally reflect Average Weekly Ordinary Time Earnings (see 'Fees and other costs table'). The fees applicable for 1 April 2023 are set out in this Booklet.

The next indexation is due on 1 January 2024.

The portfolio administration fee is indexed in increments of \$5.00 only where the cumulative increase since the previous indexation is \$4.00 or more.

Fee Increases

In addition to indexing fees, the trustee has the right to increase fees at any time, without your prior consent, subject to the maximum fees set out below. Fees may increase due to changes in economic conditions, or Government regulations, supplier charges increases, or a substantial reduction in the size of your Plan. We will give you at least 30 days written notice of any such increase in fees.

Where there is a materially adverse change to the fees the PDS and this Booklet will be updated. Where the change is not materially adverse, the change will be detailed on the website mercersuper.com.au.

Fee changes on the transfer to the Individual Section

Your super will generally be automatically transferred to the Individual Section of the Mercer SmartSuper Plan (Individual Section) (where different fees may apply) if you cease employment with your Employer and your super account balance is at least \$500. Refer to your Plan Guide to find out if different arrangements apply to your Plan when you cease employment.

Maximum fees

Under the Plan rules, the trustee has the right to charge maximum fees as follows:

- a dollar based administration fee of \$20.35 (indexed annually) per member per month
- for investment options established before 1 July 2005, investment fees and asset based administration fees together not exceeding 2.50% per annum of your super account balance
- for investment options established on or after 1 July 2005, investment fees and asset based administration fees together not exceeding 4.00% per annum of your super account balance (see the 'Breakdown of certain fees and costs table' for details of those investment options where a combined maximum fee of 4.00% per annum applies)
- an expense recovery fee of 1.00% per annum of your super account balance, and
- a switching fee of \$637.15 (indexed annually) for each switching request received

The trustee has chosen to forego these maximums for the fees charged (if any) as shown in the 'Fees and other costs table' and 'Breakdown of certain fees and costs' tables. Any future fee increases will be within these maximum limits.

Further, pursuant to legislation, for super accounts with a balance below \$6,000 at 30 June, there is a cap on the total combined administration, investment fees and costs and transaction costs that can be charged to those members' accounts for the prior year. Any fees in excess of this cap will be refunded.

GST

The GST disclosures in this Booklet are of a general nature only.

GST is not payable on units purchased in the Mercer Super Trust. However, fees payable in respect of the management of the Mercer Super Trust are subject to GST, as described below.

GST applies to all fees charged to the Mercer Super Trust. Generally, the Mercer Super Trust cannot claim full input tax credits in respect of these fees, but will usually be entitled to reduced input tax credits (currently up to 75% of the GST paid) in respect of some of these fees. As a result, the fees payable to us including GST are higher than those disclosed in this Booklet.

Any fees payable to us as set out in this Booklet approximate the net cost of these fees (after GST) and assume that reduced input tax credits are available.

The Brokerage fee for the Mercer Direct investment option set out in this Booklet is shown including GST.

Tax and your super

The 'How Super is Taxed' section later in this Booklet provides a summary of how your super is taxed. For more details about tax and your super see our *Fact Sheets*.

See the Mercer Direct Member Guide for more information about taxes on amounts invested in the Mercer Direct investment option.

You can download the Fact Sheets and Mercer Direct Member Guide at mercersuper.com.au/pds.

The Mercer Direct option is available in your Plan unless advised in your Plan Guide.

Our fund is entitled to a tax benefit on gross administration fees and costs, investment fees and costs, and insurance premiums paid to our service providers. We may pass this tax benefit on investment fees and costs and insurance premiums to you by reducing the amount of the fees, costs and insurance premiums that you pay.

We disclose all fees, costs and premiums in our PDS and Booklets as the gross amount before any tax benefit is applied, so the actual net amount that you pay may be less than the figures shown.

Further information

The trustee does not retain for its own use any profit made on the netting of transactions (even though the governing documents permit it to do so) and has no intention to do so in the future.

The trustee may retain for its own use any interest earned on contributions tax from the date it deducts an amount for this tax to the date it pays it to the Australian Taxation Office (ATO).

- (b) those costs are not otherwise charged as administration fees and costs, investment fees and costs, a switching fee, an activity fee or an insurance fee.

Buy-sell spreads

A buy-sell spread is a fee to recover costs incurred by the trustee of the Mercer Super Trust in relation to the sale and purchase of assets of the Mercer Super Trust.

Refer to 'Buy and Sell spreads' in the 'Transaction costs' section earlier in this Booklet for details. The trustee currently does not charge any buy-sell spreads.

Exit fees

An exit fee is a fee, other than a buy-sell spread, that relates to the disposal of all or part of a member's interests in a superannuation entity.

The trustee does not charge exit fees.

Investment fees and costs

Investment fees and costs are fees and costs that relate to the investment of the assets of the Mercer Super Trust and includes:

A switching fee for superannuation products, other than a MySuper product, is a fee to recover the costs of switching all or part of a member's interest in the Mercer Super Trust from one investment option or product in the Mercer Super Trust to another.

Transaction costs

Transaction costs are costs associated with the sale and purchase of assets of the Mercer Super Trust other than costs that are recovered by the Mercer Super Trust charging buy-sell spreads.

Contributions

This section is about contributions to super.

Refer to the Contributions Fact Sheet for more details about:

- Downsizer contributions.
- Concessional and non-concessional contributions,
- Tax treatment of contributions.
- · Contribution Splitting, and
- When the trustee can't accept contributions.

Refer to the Government Contributions Fact Sheet for information including whether you may be eligible for:

- the Low Income Superannuation Tax Offset (LISTO), and
- Government Co-contributions.

Refer to the Accessing your Super Fact Sheet for more details about:

- · Preservation, and
- First Home Super Saver Scheme (FHSSS) early release payments.

All Fact Sheets are available at mercersuper.com.au/pds.

What your Employer puts into your super

By law, your Employer has to pay a minimum amount into super called the Superannuation Guarantee (SG). The SG is 10.5% of Ordinary Time Earnings (OTE) where OTE is capped at the maximum contribution base. From 1 July 2023, the percent of OTE will be increased to 11%. The maximum contribution base is currently \$60,220 a quarter for the year ending 30 June 2023 and is indexed on each 1 July. The SG, as a percentage of OTE, is currently scheduled to increase as set out in the table below:

Period	Percentage of OTE	
From 1 July 2023 to 30 June 2024	11.00%	
From 1 July 2024 to 30 June 2025	11.50%	
From 1 July 2025	12.00%	

OTE is generally remuneration including regular salary or wages, salary sacrifice superannuation contributions, any over-award payments, shift allowances, bonuses and commissions. It generally does not include overtime payments or benefits subject to fringe benefits tax.

The SG is the amount the Employer must provide for each employee, not a minimum amount to be contributed to each fund. Your employer may provide the SG through more than one fund.

There are some circumstances where your Employer is not required to pay the SG.

See your Plan Guide for details about the contributions your Employer provides on your behalf into this Plan.

Visit the ATO website for further information about SG contributions, including the maximum contribution base (ato. gov.au).

What you may put into your super

You can put extra money into super, over and above the contributions your Employer makes. You can do this to save more for retirement or to save for a deposit under the FHSSS. Your Plan Guide has details about the contributions you can make into your Plan.

There are limits on the level of contributions that have concessional tax rates and some contributions cannot be accepted until we receive your Tax File Number (TFN).

Any contributions must be preserved (early release may be permitted in certain circumstances, such as under the FHSSS).

You can make regular contributions by direct deductions from your after-tax salary.

You can also make after tax contributions via BPAY[®]. If you wish to make after tax contributions, sign in to the Mercer Super Trust website using your personal login. You can then obtain your BPAY[®] Biller Code and Personal Reference Number. Or call the Helpline for details. If you wish to make a Downsizer contribution (using the proceeds of the sale of an eligible residence), call the Helpline.

[®] Registered to BPAY Pty Ltd ABN 69 079 137 518.

You may be able to claim a tax deduction for some or all of any after tax contributions you make. You cannot claim a tax deduction for Downsizer contributions.

Salary Sacrifice

You can generally make regular personal contributions on a before tax or salary sacrifice basis, as long as you have your Employer's approval.

Depending on your situation, salary sacrificing into super may save you tax. You don't generally pay personal income tax on the part of your salary that's going into super. Instead your contributions are generally taxed at a concessional rate which may be lower than your personal income tax rate.

We recommend you speak to a licensed, or appropriately authorised, financial adviser before making any decisions or choosing to contribute on a salary sacrifice basis.

Contributing splitting

You may be able to split your super contributions with your eligible spouse and transfer permitted contributions to an account in the name of your eligible spouse in a complying superannuation fund.

An eligible spouse must not have permanently retired (if past their preservation age) or reached age 65 and includes:

- · your husband or wife
- another person with whom you are in a registered relationship, or
- another person who, although not legally married to you, lives with you on a genuine domestic basis in a relationship as a couple.

21

You will generally be able to request a contribution split of up to 85% of concessional contributions as long as you maintain a super account balance of at least \$5,000.

Any contributions that you split will continue to be counted towards your concessional contribution limit.

Contribution splitting after transfer to the Individual Section or Retained* category

If we transfer your super to the Individual Section of the Mercer SmartSuper Plan (Individual Section) or a Retained* category within your Plan, you will be able to make the same contribution split as you made in your Plan (or previous category) as well as any new contribution split. However, you can only split contributions made in the previous financial year.

If you leave the Mercer Super Trust, you can split contributions made in the financial year you leave. You will need to provide your request to split contributions to the trustee on or before the time your super is paid out, rolled over or transferred to another super fund.

*See your Plan Guide for details of whether your Plan has a Retained category

Tax on contributions

Tax may be payable on super contributions made by you or on your behalf, or where those contributions exceed certain annual limits.

Consolidating your super accounts

You may rollover super money from other funds into the Mercer Super Trust.

If you've had other jobs, you may have multiple super accounts. You can choose to roll all your super accounts into your Mercer Super Trust account. This could improve your super investment overall as you'll only be paying one set of fees and handling one set of paperwork. You should discuss the benefits of rollovers with a licensed, or appropriately authorised, financial adviser.

You can complete an online rollover request at **mercersuper**. **com.au** (sign in using your personal login) or we will help you roll in your super over the phone. We will contact your other super fund(s) for you. Call the Helpline if you need any help.

Generally, there's no charge for receiving money rolled in from other funds, although you should check with your other funds to see if there are any withdrawal or exit fees.

Importantly, you should also consider the impact that leaving a fund may have on any insurance cover you have, including the amount and cost of cover.

If you roll in preserved money, it stays preserved in the Mercer Super Trust.

When the trustee can't accept contributions

The trustee is unable to accept voluntary contributions made for or by you in certain circumstances, such as if you have not provided your TFN and the contribution was not made by your Employer, or you are aged 75 or more and the contribution is not a Downsizer contribution.

If you have not met a relevant condition, any voluntary contributions received will be returned to you, or the person or organisation (including where applicable your Employer) which contributed. The returned amount will generally not form part of your super account balance.

SG contributions and other contributions required by law are not voluntary contributions and can be accepted at any time.

We strongly recommend that you get advice from a licensed, or appropriately authorised financial adviser about how tax laws affect you, especially if you are considering making large contributions, or retiring. This is because the tax treatment of super can be complex and may change at any time.

You should also get appropriate advice while you build your super.

22

Paying your benefits

This section explains some of the regulations about the payment of your super benefit.

Super and Preservation

Government legislation restricts access to your super and is designed to ensure that you generally use your super for retirement.

There are three super payout categories:

- unrestricted non-preserved super benefits
- preserved super benefits, and
- · restricted non-preserved super benefits.

The unrestricted non-preserved amount (if any) is the part of your super account balance that can be paid in cash at any time.

Preserved or restricted non-preserved amounts must be kept in a superannuation fund or other approved superannuation arrangement and can only be accessed according to 'conditions of release' specified in superannuation law.

Your annual member statement will provide details about the relevant category for each portion of your super. Generally, contributions made to your superannuation account will be fully preserved and only accessible once you satisfy a 'condition of release'.

Contact the ATO for information about the amount you may be able to access under the FHSSS.

For more information, see the Accessing Your Super Fact Sheet available from mercersuper.com.au/pds.

This Fact Sheet also includes details about:

- conditions for accessing preserved or restricted non-preserved super, and
- your preservation age (i.e. the age at which your preserved super can be paid to you in cash if you permanently leave work).

Paying your super before you leave your Employer

You can choose to take the unrestricted non-preserved component of your super as a cash payment at any time, however tax may be deducted. Call the Helpline if you want to use this option.

You may also be able to transfer all or part of your super account balance to another complying superannuation arrangement, before you leave your Employer, at any time.

If you wish to make a partial transfer this will generally be subject to maintaining a super account balance of at least \$5,000 in your Plan.

For more information, see the 'Exercising Choice' section in the 'Receiving your benefits' section later on in this Booklet.

In some cases, your Death and disablement insurance can be affected by transfers out of your Plan. Refer to your Plan Guide to see if this applies to you.

For more details about benefit transfers, see **mercersuper.com. au** (sign in using your personal login) or call the Helpline.

Paying your super if your leave Australia

You may be eligible to access your super and have it paid directly to you after you have left Australia as long as:

- you entered Australia on a temporary visa
- your temporary visa has expired or been cancelled, and
- you are not an Australian or New Zealand citizen or an Australian permanent resident.

Call the Helpline for more details about:

- how to make an application to the trustee for the release of your super for the reasons listed above, and
- what will happen to your super if you make such an application.

The trustee may be required to transfer your super to the ATO if at least six months have passed since the expiry or cancellation of your temporary visa and you have left Australia and have not claimed your super from your Plan.

If this happens, you will need to contact the ATO to claim your super, which will be paid to you subject to the deduction of tax. The ATO will provide the trustee with details of the members who can have their super transferred in these circumstances.

Tax rates on super benefits to a temporary resident who has left Australia are higher than those which apply to Australian permanent residents or Australian and New Zealand citizens.

Interest (or investment earnings) in respect of super for temporary residents is not paid on amounts paid by the ATO (except in certain limited circumstances).

The transfer to the ATO can be required even if you are still employed by your Australian employer. Call the Helpline if your benefit has been transferred to the ATO and you need help to prove to the ATO that you are entitled to that benefit.

In most cases, the trustee is required to provide a member with an exit statement when their benefit has been paid out of the fund. However, the Australian Securities and Investments Commission (ASIC) has provided trustees with relief from this requirement where benefits are paid to the ATO. This relief has been granted because most temporary residents do not advise the trustee of their overseas address details. The trustee intends to rely on this relief. This means that the trustee is not obliged to notify or give an exit statement to a non-resident where a benefit has been transferred to the ATO.

Unclaimed money

We will consider your super benefit as unclaimed money and send it to the ATO if:

- you are over age 65 and we have received no contributions or rollovers in the last two years, and
- we have been unable to contact you for a period of five years.

We may also be required to transfer your account balance to the ATO if:

- no contributions or rollovers have been received for more than 12 months, and
- we have not been able to contact you and your account balance is less than \$6,000, or
- if we do not have enough information to properly identify you.

You can approach the ATO directly to claim any such money.

You will no longer be a member of the Mercer Super Trust or have any right to claim a benefit from the fund and any insurance cover you may have had through your Plan will cease if your super is transferred to the ATO.

A confirmation letter will be issued to you if your benefit is paid to the ATO.

Unclaimed benefits - lost members

We may classify your super account as an unclaimed super benefit and transfer your super to the ATO if:

- we've written to you twice
- this mail has been returned unclaimed both times, and
- you are under age 65.

You will no longer be a member of the Mercer Super Trust or have any right to claim a benefit from the fund and any insurance cover you may have had through your Plan will cease if your super is transferred to the ATO.

A confirmation letter will be issued to you if your benefit is paid to the ATO.

Inactive and low balance accounts

To help protect members with low account balances of less than \$6,000, we may be required to transfer your super account to the ATO for consolidation. This may occur if your account has been inactive for a continuous period of 16 months, has a balance of less than \$6,000, does not hold current insurance cover and you have not opted out of having your super account transferred to the ATO.

Your super account will be deemed inactive, if within the last 16 months, all of the below statements are true:

- no contributions and/or rollovers have been received,
- · you have not changed Investment options,
- you have not changed your binding beneficiaries, and
- you have not made a change to your insurance cover.

The process of determining accounts for ATO consolidation occurs on 30 June and 31 December each year.

You can opt out of having your super account transferred to the ATO by calling the Helpline.

You will no longer be a member of the Mercer Super Trust or have any right to claim a benefit from the fund and any insurance cover you may have had through your Plan will cease if your super is transferred to the ATO.

A confirmation letter will be issued to you if your benefit is paid to the ATO.

Family law

Subject to relevant legislation, married and de facto couples may be able to make binding agreements or get court orders to determine how each partner's super will be divided if their marriage or relationship breaks down.

Under the Family Law Act 1975, the trustee needs to provide certain information about a member's super benefit to eligible persons where the information is required to negotiate a superannuation agreement or to help with a court order. An eligible person under the Act includes a member, the spouse of a member or any person who intends to enter into a superannuation agreement with the member.

We may need to adjust your super benefit to reflect any agreements or court orders that may be binding on the trustee. We will advise you about any fee for a request related to the Family Law Act 1975 in respect of your super benefit.

Call the Helpline about family law matters affecting your super in the Mercer Super Trust.

Anti-money laundering

Under the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AMLCTF Act), superannuation funds have to identify, monitor and mitigate the risk that the fund may be used for the laundering of money or the financing of terrorism. Because of this, you will be asked to provide satisfactory proof of your identity to the trustee before you withdraw your super benefit. You may also need to provide satisfactory proof of identity to meet other legal requirements.

At a minimum, we need to collect your full name, date of birth and residential address. In regards to verifying information, we are only obligated to verify full name, and either date of birth or residential address. This can be achieved by supplying a certified copy of your driver's licence or passport. We are unable to process your payment request without this information in an appropriate form.

Under the AMLCTF Act, we may need to undertake additional identification checks and to monitor transactions. We may also need to block or suspend transactions. The trustee will not be liable for any loss suffered by you due to a delay in making a payment which has been caused by the need to comply with AMLCTF Act requirements.

By law the trustee is also required to comply with confidential reporting obligations to the AMLCTF Act regulator, Australian Transaction Reports and Analysis Centre (AUSTRAC).

Receiving your benefits

This section includes information about what generally happens to your benefits and insurance cover when you leave your Plan.

Some plans may have different arrangements. See your Plan Guide for the specific details of options available to you in your Plan.

Leaving your Plan

In most cases, you will not be able to stay a member of your Plan if you leave your Employer or Exercise Choice.

The trustee will process your super payout once it receives notice that you have left your Employer or Exercised Choice and that all contributions due for you have been paid into the Mercer Super Trust. Please note that if you close your account before we have received this notice from your Employer and we receive further employer contributions, then we may have to open a new account for you and we will notify you.

If you do not provide instruction to the trustee, your super may be automatically transferred to the Individual Section of the Mercer SmartSuper Plan, a plan in the CSD of the Mercer Super Trust, if your super account balance is worth at least \$500 (see 'Super worth at least \$500' later for details).

If your Plan has a Retained category or an Insurance Only category and you are eligible, you may be able to continue in your Plan as a Retained category member or an Insurance Only member of your Plan. Your Plan Guide will include details of these categories if they are applicable.

The trustee will process your super payout once it receives notice that you have left your Employer and that all contributions due for you have been paid into the Mercer Super Trust. Please note that if you close your account before we have received this notice from your Employer and we receive further employer contributions, then we may have to open a new account for you and we will notify you.

Leaving your Employer

Depending on your circumstances, you will have different options:

- If you are changing jobs and haven't reached your retirement age, some or all of your super may have to stay invested in a super fund until you retire.
- If you:
- (i) are retiring permanently from work
- (ii) have reached your preservation age, and
- (iii) are an Australian citizen; or a New Zealand citizen; or an Australian permanent resident

you can receive your super in cash or can roll it over to another fund.

Extended cover

Extended cover will vary depending on the arrangements in your Plan. See your Plan Guide and the *Insurance* booklet for your Plan for details.

Most members of plans under the umbrella policy will be entitled to extended cover for:

- Death
- Total and Permanent Disablement (TPD), and/or
- Income Protection (IP) (Accidental Injury only)

for the amount of insurance that applied immediately before the date you leave your Employer or your Effective Date.

This cover will generally be available for up to 60 days from the date you leave your Employer or your Effective Date.

No insurance premiums apply for this 60-day extended cover period

If you re-join your Plan after Exercising Choice, you will require underwriting before your Plan's Insurer can provide any insurance cover for you. You will be advised if this is required.

If your Plan has a Retained category or an Insurance Only category and you are eligible, you may be able to continue as a Retained category member or an Insurance Only member of your Plan. Your Plan Guide will include details of these categories if they are applicable.

See the *Insurance* booklet for more information on Extended Cover and the definition of Accidental Injury.

Although you can join your Plan by choice, in the CSD we use the terms 'Exercise Choice' and 'Exercising Choice' to cover the situation where, after joining your Plan, you advise your Employer to make contributions to another super fund.

Your Employer will advise whether you are able to Exercise Choice.

If your Plan has a Retained category or an Insurance Only category and you are eligible, you may be able to continue as a Retained category member or an Insurance Only member of your Plan. Your Plan Guide will include details of these categories if they are applicable.

If you become a member of the Mercer Super Trust and then Exercise Choice, your Employer will need to notify the trustee of the date it first remitted contributions to your chosen fund. This will be your Effective Date. The trustee will then write to you and notify you that membership of your Plan will cease.

If you re-join your Plan after Exercising Choice, you will require underwriting before your Plan's Insurer can provide any insurance cover for you. You will be advised if this is required.

You could permanently lose valuable insurance rights if you become a member of the Mercer Super Trust and then Exercise Choice.

You should seek advice from a licensed or appropriately authorised financial adviser before making any decision.

Insurance cover in your Plan

Any insurance cover you have in your Plan and any insurance premium deductions stop from the date you leave your Employer or your Effective Date unless your insurance

25

automatically transfers and continues in the Individual Section, a Retained category or an Insurance Only category (if applicable).

The terms and conditions, including premiums and insurance arrangements, in the Individual Section may be different to your Plan.

You can read the PDS and incorporated booklets for the Individual Section at mercersuper.com.au/pds for more information to decide if the Individual Section is right for you.

Super worth less than \$500

You must notify the trustee where you would like us to transfer your super account balance if you leave your Employer or you Exercise Choice and your super account balance is less than \$500 (on the date we process your benefit).

When requested, you need to tell the trustee where you would like us to transfer your super account balance, within 30 days. This can be your new employer's super fund or another approved superannuation arrangement. You may take in cash any unrestricted non-preserved amounts.

If the trustee does not hear from you within 30 days, the trustee may transfer your super account balance to the ATO. Once your benefit is transferred to the ATO, you will no longer be a member of the Mercer Super Trust, or have any right to claim a benefit from the fund and any insurance cover you may have had through your Plan will cease.

A confirmation letter will be issued to you if your benefit is paid to the ATO.

Super worth at least \$500

Unless you have provided us with your completed payment instructions, we will generally automatically transfer your super to the Individual Section if you leave your Plan due to leaving your Employer or Exercising Choice and your super account balance is worth at least \$500 (on the date we process your benefit). See your Plan Guide to confirm if your Plan has different arrangements.

However, if we have received your completed benefit payment instructions before we transfer you to the Individual Section, you will receive your super account balance as requested by you. Your super will not be transferred to the Individual Section and you will not be entitled to continuation of insurance cover in the Individual Section. See your Plan Guide for details of any different arrangements that apply to your Plan.

If we receive further contributions from your Employer after your Plan account is closed, then we may have to open a new account for you. We will notify you if this occurs.

The terms and conditions, including fees, investment options and insurance arrangements, in the Individual Section may be different to your Plan. You should read the PDS and incorporated booklets for the Individual Section at mercersuper.com.au/pds for more information to decide if the Individual Section is right for you.

We strongly recommend that you speak to a licensed, or appropriately authorised, financial adviser regularly to assess whether your investment and/or your insurance options in the Individual Section continue to suit your personal needs and circumstances

Confirmation of transfer

You can access a copy of the PDS for the Individual Section from mercersuper.com.au/pds and you will receive a confirmation of your investment and insurance arrangements after we have transferred your super.

At this stage, you can:

- leave your super in the Individual Section and continue to make contributions, consolidate your super from other super funds, change your insurance cover and change the investment options for your super at any time. You'll also continue to receive regular newsletters, member statements and be able to access the annual reports (via the website after you sign in using your personal login), or
- rollover your super to your new employer's super fund or another approved superannuation arrangement.

Other key information

Beneficiaries

For the sake of your family, it's important to let the trustee of the Mercer Super Trust know who you would prefer to receive your death benefit if you die while a member of the Mercer Super Trust. For more information about nominating beneficiaries, see the *Beneficiaries* fact sheet available from mercersuper.com.au/pds.

Insufficient super

If your super account balance is or is likely to be insufficient to meet the cost of your insurance cover and/or fees, you will no longer be able to remain a member of the Mercer Super Trust and your insurance cover will cease. These changes will occur automatically, unless you make a further contribution to meet the cost of your insurance cover and fees. We will advise you if this applies to you.

Representing members' interests

If your Plan has a policy committee, the names of policy committee representatives and dates of when their terms expire will be published in a supplement to the MST Annual Report to members.

A policy committee comprises an equal number of member and employer representatives.

The policy committee represents members of your Plan in all dealings with the trustee of the Mercer Super Trust. The policy committee is a communications channel to the trustee for any member issues and concerns.

Call the Helpline for information about policy committee election rules.

Service providers to the trustee

The trustee appoints a number of service providers to help it run the Mercer Super Trust. The main service providers include the administrator, the investment consultant, the custodian and your Plan's Insurer.

The administrator, the investment consultant and custodian are paid from the trustee's fee income and their fees are not an additional cost to members.

See your Plan Guide for information about the Insurer of your Plan. Call the Helpline for details about the custodian.

Administrator

Mercer Outsourcing (Australia) Pty Ltd (MOAPL) provides the following administration services to the Mercer Super Trust:

- administration of member records and unit holdings
- daily management of the Mercer Super Trust's operations including accounting
- preparing communications materials, including the Mercer Super Trust's internet site, and
- · Helpline facilities for members.

Investment consultant

The trustee has appointed Mercer Investments (Australia) Limited (MIAL) to advise on the selection, appointment, replacement and ongoing evaluation of investment managers through an implemented consulting arrangement.

Trustee powers and responsibilities

The trustee is responsible for:

- ensuring members' rights and best financial interests are protected
- payment of correct super payouts at the appropriate time
- · the proper management of assets, and
- the general operation of the Mercer Super Trust in accordance with the governing documents and applicable legislation.

The trustee has the right to override any member's investment choices as required by law.

The trustee pays itself a fee out of the fees charged in respect of members.

Trustee's indemnity

Both the trustee and its directors are entitled to be indemnified, out of the assets of the Mercer Super Trust, against all liabilities including losses, costs and expenses that may be incurred in administering the Mercer Super Trust.

Liabilities include any payments to the trustee of any predecessor fund to your Plan for any liabilities incurred by that trustee before the transfer into the Mercer Super Trust.

The operation of the trustee's indemnity may result in a reduction in a super payout.

The indemnity does not apply to:

- liabilities arising out of fraud, dishonesty or intentional or reckless neglect or default, or
- amounts, such as penalties, for which indemnification is not permitted under Government legislation.

Plan rules

The governing rules of your Plan include:

- the trust deed that governs the operation of the Mercer Super Trust,
- the designated rules covering the general operation of your Plan, and
- the benefit design schedule that sets out the specific details
 of your Plan or for the Mercer SmartSuper Plan your
 Employer's Application Form that sets out the specific details
 of your membership.

The governing rules of your Plan together with relevant laws and regulations, set out the rules and procedures under which the Mercer Super Trust and your Plan operate and also set out the trustee's duties and obligations to you.

The governing rules are available on www.mercersuper.com. au/documents/governance-and-trustee-documents/.

Amendments to your Plan and Plan rules

Sometimes the governing rules' provisions need to be amended.

The trustee has the power to amend all or any of the provisions of the trust deed and designated rules. Each Employer, with the trustee's consent, can amend their benefit design for their employees who are members of the Mercer SmartSuper Plan.

Any amendment must comply with the restrictions in the trust deed, designated rules and any applicable Government requirements.

Your Employer and the trustee or the trustee only for the Mercer SmartSuper Plan, can amend your Plan at any time. Your Employer can decide to vary its contributions to your Plan. Any amendment or variation has to comply with the law and governing rules. Member payouts may be adjusted if your Plan is closed, or contributions varied.

How super is taxed

Superannuation is generally taxed at three stages:

- · when contributions are received
- when investment income is earned, and
- when super benefits are paid out in cash.

Contributions limits and tax issues can be complex. We have provided a general summary of the way superannuation is taxed based on laws current at the date of this Booklet. The information applies to Australian or New Zealand citizens or Australian permanent residents. If you are an Australian or New Zealand citizen or an Australian permanent resident but are currently not a resident of Australia for tax purposes, different tax rules will apply.

Refer to the Contributions Fact Sheet for more details about:

- · Concessional and non-concessional contributions,
- Tax treatment of contributions,
- Tax on contributions where there is No Tax File Number (TFN)
- Current annual contribution limits, and
- Claiming a deduction for super contributions.

Refer to the *Tax on lump sum super payouts Fact Sheet* for more information about tax on lump sum super benefits paid to you or to your dependants.

All Fact Sheets are available at mercersuper.com.au/pds.

Visit the ATO website for further information about tax and your super (ato.gov.au).

Tax on contributions

The tax paid on super contributions depends on:

- whether the contribution is concessional or non-concessional
- the amount of the contribution
- whether the trustee has your TFN, and
- your level of income.

Tax on investment income

Generally, the trustee is liable to pay tax at a maximum rate of 15% on:

- all investment income
- realised capital gains from assets held for less than 12 months, and
- two-thirds of realised capital gains from assets held for 12 months or more.

A realised capital gain is when an asset is actually sold for more than the original purchase price.

The trustee won't be liable to pay tax on gains received from Mercer Super Trust investments in pooled super trusts and statutory funds of life insurance companies. This is because the pooled super trust or life office would have already deducted tax.

The actual rate at which the trustee pays tax may be reduced below 15% due to the effect of various tax credits (including franking credits) and rebates.

See the Mercer Direct Member Guide on mercersuper.com.au/pds for information about tax for super invested in the Mercer Direct investment option (if this investment option is available to you).

Tax on super benefits

You may have to pay tax on your super benefit when it is paid from the Mercer Super Trust. The actual amount of tax you may have to pay depends on:

- your age when your super benefit is paid
- the type of benefit, and
- some other factors including your residency and citizenship status.

Super benefits for Australian or New Zealand citizens or an Australian permanent resident are generally:

- tax free when paid from age 60 (although tax may be payable on some death and temporary disability benefits and FHSSS releases)
- taxable when paid before age 60.

No Tax File Number

If we do not have your TFN:

- you will pay extra tax on employer contributions, salary sacrifice contributions and possibly on your super benefit,
- we cannot accept your personal contributions (including any spouse contributions).

We strongly recommend that you get advice.from a licensed, or appropriately authorised financial adviser about how the tax laws affect you, especially if you are considering making large contributions, or retiring. This is because the tax treatment of super can be complex and may change at any time.

You should also get appropriate advice while you build your super.
